TOYOBO MC SHANGHAI to exhibit at “LABELEXPO ASIA 2025”

～Asia’s Largest Label Printing Trade Show～

TOYOBO MC Corporation (hereinafter, “TOYOBO MC”) announces that its affiliated company, TOYOBO MC (SHANGHAI) CO., LTD.(hereinafter, “TOYOBO MC SHANGHAI”), will exhibit at “LABELEXPO ASIA 2025”, held from December 2 to 5, 2025 at the SHANGHAI NEW INTERNATIONAL EXPO CENTRE (SNIEC).

“LABELEXPO ASIA 2025” is the largest label printing exhibition in Asia. At the TOYOBO MC SHANGHAI booth, we will showcase our water-wash flexo plate “Cosmolight®”. This innovative plate enables plate development using water, eliminating the need for organic solvents and contributing to a more sustainable platemaking process. In addition, we will propose a Wastewater Treatment System that enables the reuse of liquid waste generated after the platemaking process.

“Cosmolight®” is the world’s first water-wash flexo printing plate that successfully combines water-washability with resistance to water-based inks—two typically conflicting properties. At the exhibition, we will present the latest samples of labels and flexible packaging printed using “Cosmolight®”.

We invite you to visit our booth and see them firsthand.

“Cosmolight®”

1. Products

- Water-wash flexo plate “Cosmolight®”
- Wastewater Treatment System

2. About the Exhibition
