TOYOBO MC to Exhibit at CHINACOAT2026, an International Exhibition for Coatings

TOYOBO MC (Shanghai) Co., Ltd. (hereinafter "TMS"), a subsidiary of TOYOBO MC Corporation, will exhibit its functional resin products and water-washable flexographic printing plates at "CHINACOAT2026", to be held from November 11 to 13, 2026, at China Import and Export Fair Complex in Guangzhou, China.

Launched in 1996, CHINACOAT is an international exhibition for coatings, inks, and functional resins, and celebrates its 30th anniversary this year.

At the TMS booth, we will showcase a range of products and technologies that combine environmental considerations with high performance. These include "VYLON™", a high-molecular polyester resin suitable for BPA-free and water-based applications; "VYLOSHOT™", a low-pressure encapsulation molding material designed to protect printed circuit boards and electronic components ; "HARDLEN™", an adhesion promoter for polyolefins used in automotive adhesive and coating applications; and "Cosmolight™", a water-washable flexo plate that helps reduce environmental impact.

We look forward to welcoming you to our booth at CHINACOAT2026.

Exhibition booth image

1. Products

- "VYLON™, a high-molecular polyester resin
- "VYLOSHOT™", a low-pressure encapsulation molding material
- "VYLOMAX™", a polyamide imide resin
- "HARDLEN™", an adhesion promoter for polyolefins
- "Cosmolight™" a water-washable flexo plate
-

2. About the Exhibition

- Duration : November 11 to 13 , 2026
- Venue : Area A, China Import and Export Fair Complex
- Booth No. : Hall2.1 B15
- Exhibition Website : https://www.chinacoatonline.net/
- Exhibitor Page : TMS Page
